

Health in All Policies: California's Story

Julia Caplan, MPP, MPH
Public Health Institute &
California Department of Public Health

National HIA Meeting
Washington, D.C.
September 25, 2013

Health in All Policies Defined

- A collaborative approach to improving the health of all people by incorporating health considerations into decision-making across sectors and policy areas.

Rudolph, L., Caplan, J., Ben-Moshe, K., & Dillon, L. (2013). Health in All Policies: A Guide for State and Local Governments. Washington, DC and Oakland, CA: American Public Health Association and Public Health Institute. (in development)

Health in All Policies: 5 Key Elements

Promotes health, equity, and sustainability

Supports intersectoral collaboration

Benefits multiple partners

Engages external stakeholders

Creates structural or process change

California's Health in All Policies Task Force

California Task Force Process

- Aspirational goals
- Getting input (1200+ ideas!)
 - Member agencies
 - Key informants
 - Public workshops
- Establishing criteria
- Consensus-building and decision-making
- Releasing recommendations
- Implementation plans

Use of a “Health Lens”

California Task Force Achievements

- ❑ Multi-agency farm to fork office
- ❑ Health in general/comprehensive plan guidelines
- ❑ Aligning school facility and city planning processes
- ❑ Health and equity in state grant criteria
- ❑ Supporting implementation of SB 375
