## Auto Title Lenders Operate in 25 States

Types of title loans offered, by state

Notes: Lump-sum loans require a balloon payment, typically after one month; installment loans are repaid in smaller payments over time. All title loan states, except for Arizona, Georgia, and New Hampshire, also have payday lending. In some states, not indicated here, consumer installment lenders offer underwritten loans collateralized by a car title.

The small-dollar loans project's report, *Auto Title Loans: Market Practices and Borrowers' Experiences*, explores the high-interest auto title loan market, in which consumers borrow against their cars. More than 2 million people, approximately 1 percent of American adults, use these loans each year.
