# Chileans' Willingness to Pay for Protected Areas: Methods Statement and Toplines 

Kevin $\mathrm{He}^{1}$ and Thais Vilela ${ }^{2}$
${ }^{1}$ The Pew Charitable Trusts, United States
${ }^{2}$ Conservation Strategy Fund, United States

## Methods statement

Conservation Strategy Fund commissioned Datavoz to complete a survey in Chile on The Pew Charitable Trusts' behalf. Datavoz conducted a telephone survey of adults residing in the 16 regions of Chile. The survey's goal was to understand people's perceptions, beliefs, and evaluation of the protected areas in Chile.

## Population under study

The survey targeted Spanish-speaking men and women of adult age (18 years or older) who resided in the 16 regions of Chile. The survey frame followed the population projections of the National Statistics Institute of Chile (INE) as of June 30, 2020, based on the 2017 Census. (See Table 1 for a breakdown of the population projections by region.)

Table 1. Adult Population Projections for Chile by Region

| Region | Population ( $\geq \mathbf{1 8}$ years of age) | \% of population |
| :--- | :--- | :--- |
| Arica y Parinacota | 192,237 | 1.3 |
| Tarapacá | 271,464 | 1.9 |
| Antofagasta | 494,751 | 3.4 |
| Atacama | 245,642 | 1.7 |
| Coquimbo | 626,691 | 4.3 |
| Valparaíso | $1,477,914$ | 10.2 |
| O'Higgins | 730,434 | 5.1 |
| Maule | 827,459 | 5.7 |
| Ñuble | 381,908 | 2.6 |
| Biobío | $1,296,221$ | 9.0 |
| Araucanía | 777,352 | 5.4 |
| Los Ríos | 322,255 | 2.2 |
| Los Lagos | 656,033 | 4.5 |
| Aysén | 84,013 | 0.6 |
| Magallanes y la Antártica | 129,617 | 0.9 |
| Región Metropolitana | $5,940,340$ | 41.1 |
| Total | $14,454,331$ | $100.0^{*}$ |

## Sampling design

The survey utilized probability sampling via random digit dialing of landline and mobile phone numbers. (See Table 2 for a breakdown of the cellular phone network by company.) Interviews were conducted using Computer Assisted Telephone Interviewing (CATI) software.

[^0]Table 2. Mobile Phone Companies by Market Share

| Company | \% market share |
| :--- | :--- |
| Entel PCS | 31.0 |
| Claro Chile S.A. | 22.7 |
| Telefónica Móviles Chile S.A. | 25.7 |
| Wom S.A. | 19.5 |
| Vtr Móvil S.A. | 1.1 |

## Weighting factor

Since we utilized simple random sampling, it was necessary to construct weighting factors to correct for possible nonresponse biases to avoid over- or under-representing certain population groups. The weighting was created based on the population distribution of the target population and utilized data from population projections based on the 2017 Census and sociodemographic data from the 2020 CASEN Survey. We utilized the following for post-survey corrections and adjustments:

- From the 2017 Census: region, sex, age
- From the 2020 CASEN Survey: educational attainment

A calibration method for weighting was used based on the iterative proportional adjustment model (or "raking" method). While the weighting factors are intended to correct for nonresponse concerns, we acknowledge that auxiliary variables may also be affected. For example, the educational attainment of certain groups may not be representative of the known parameters of the population.

## Survey response rate

The survey was fielded between June 23 and Aug. 9, 2021. In total, the final response rate was 9\%, according to American Association for Public Opinion Research definitions. The contact rate was 41\% (6,893 people answered the phone), but the rejection rate was $31 \%$. The cooperation rate was $11 \%$. Tables 3 and 4 provide more detail. After using the raking method to weight the final sample, 13 cases were eliminated from the 1,558 total completed interviews, leaving a final sample of 1,545 responses. The margin of sampling error was plus or minus 3 percentage points at the $95 \%$ confidence level.

Table 1. Survey Indicators

| Indicator | N |
| :--- | ---: |
| Correct interviews | 1,558 |
| Faulty/out of service | 1,522 |
| Language barrier | 16 |
| Busy | 1,140 |
| Answering machine | 4,102 |
| Full quota | 34 |
| Company or office | 252 |
| Canceled interview | 539 |
| Interview postponed in progress | 33 |
| Interview postponed without starting | 78 |
| Interview refused | 5,224 |
| Fax | 36 |
| Physical and/or mental capacity of the interviewee | 15 |
| No answer | 2,260 |

| Other cases of unavailability | 84 |
| :--- | ---: |
| Person not belonging to household | 3 |
| Total | 16,896 |

Table 2. Other Indicator Rates

| Rates | \% |
| :--- | ---: |
| Response rate | 9 |
| Cooperation rate | 11 |
| Rejection rate | 31 |
| Contact rate | 41 |

## Chileans' Willingness to Pay for Protected Areas

Topline Report • Updated on March 24, 2022
Interviews were conducted from June 23 to Aug. 9, 2021, among a representative sample of 1,545 total respondents. The margin of error with design effect for the total respondents is plus or minus 3 percentage points at the 95\% confidence level. The survey was conducted in Spanish by Datavoz under CSF supervision.

Percentages are weighted.

| 40 | * |
| 50 | 0.5 |
| 77 | * |
| 90 | * |
| 99 | * |

Note: Percentage less than 0.5 printed as *.

## Number of respondents $\mathbf{N}=1,545$

Question 8. (open question) Which protected area is the closest to your home?

|  | Nonresponse (\%) | Response (\%) |
| :--- | :---: | :---: |
| P8 | 0 | 100 |

Note: Everyone responded, but some answered "do not know." In that case, the proportion of people who do not know which protected area is the closest to their home is $31 \%$. Percentages not weighted. Based solely on the sample.

## Number of respondents $\mathrm{N}=1,069$

Question 9. How do you usually get to this protected area?

|  | \% | \% | \% | \% |
| :---: | :---: | :---: | :---: | :---: |
|  | By airplane | By car | By bus | Other |
| Yes | 1 | 68 | 18 | 21 |

| No | 99 | 32 | 82 | 79 |
| :--- | :--- | :--- | :--- | :--- |

Note: The interviewee could choose more than one option.

## Number of respondents $\mathbf{N}=1,069$

Question 10. (open question) How long does it take you to reach this protected area in each case?

|  | Mean | Mean | Mean | Mean |
| :--- | :---: | :---: | :---: | :---: |
|  | By airplane | By car | By bus | Other |
| Hour(s) | 2.46 | 1.33 | 1.51 | 0.85 |
| Minute(s) | 6.66 | 17.65 | 19.50 | 16.73 |
| Number of <br> observations | 12 | 778 | 170 | 207 |

## Number of observations $\mathrm{N}=1,545$

Question 11. When the risk of COVID-19 passes and it is safe to travel again, how interested are you in visiting Chile's protected areas? Have ...

|  | \% |
| :--- | :---: |
| A lot of interest | 75 |
| Some interest | 14 |
| No interest | 9 |
| Don't know | 3 |

## Number of observations $\mathbf{N}=1,545$

Question 12. Has the confinement due to the pandemic caused you to think differently about the importance of activities in open spaces and tourism in protected areas?

|  | \% |
| :--- | :---: |
| No | 32 |
| Yes | 68 |

Question 12B. (open question) Could you briefly explain your response?

|  | Nonresponse (\%) | Response (\%) |
| :---: | :---: | :---: |
| P12B | 32 | 68 |

Notes: Everyone who answered "no" in the previous question did not answer P12B. Percentages not weighted. Based solely on the sample.

## Number of observations N=1,545

Question 13. (open question) What do you think are the benefits of protected areas?

|  | Nonresponse (\%) | Response (\%) |
| :--- | :---: | :---: |
| P13 | 0 | 100 |

Note: Everyone responded, but some answered "do not know." In that case, the proportion of people who do not know how to answer this question is $3.4 \%$. Percentages not weighted. Based solely on the sample.

Question 14A. If the proposed special rate caused your household's monthly electricity bill to increase by X pesos, would you be willing to pay this increase per month? (bid 1)

|  | \% | \% | \% | \% | \% |
| :--- | :---: | :---: | :---: | :---: | :---: |
|  | 1,000 | 2,000 | 3,000 | 6,000 | 10,000 |
| Yes | 60 | 51 | 42 | 34 | 47 |
| No | 40 | 49 | 58 | 66 | 53 |

## Number of observations $\mathbf{N}=1,545$

Question 14B. Would you be willing to pay $X$ pesos per month? (bid 2)

|  | \% |
| :--- | :---: |
| No, No | 42 |
| No, Yes | 10 |
| Yes, No | 20 |
| Yes, Yes | 27 |

Note: Mean values

## Number of observations $\mathbf{N}=1,545$

Question 15. I am going to read a list of statements. Please tell me IF it reflects your refusal to contribute or donate.

|  | $\%$ |
| :--- | :---: |
| This increased cost would be too expensive for me/The amount I am being asked to <br> donate would be too expensive for me | 50 |
| I don't trust the government to give the money to the environmental/protected area <br> administration agencies | 50 |
| I don't think the park management agencies are effective | 40 |
| I would prefer to donate directly to one specific park | 60 |
| I would prefer to donate directly to local organizations that are supporting national park <br> management | 70 |
| I think that current management is effective and doesn't require more economic <br> resources | 30 |
| I would prefer to donate directly to local organizations that support the management of <br> protected areas | 40 |

Note: Interviewee allowed to choose multiple options.

## Number of observations $\mathbf{N = 1 , 5 4 5}$

Question 16. (open question) Regardless of your personal opinion about [special electricity rate/donation], how do you think this money should be used?

|  | Nonresponse (\%) | Response (\%) |
| :--- | :---: | :---: |
| P16 | 0 | 100 |

Note: Everyone responded, but some answered "do not know." In that case, the proportion of people who do not know how to answer this question is $6.4 \%$. Percentages not weighted. Based solely on the sample.

## Number of observations N=1,545

Question 17. Have you ever donated money to any institution or nonprofit organization?

|  | $\%$ |
| :--- | :---: |
| Yes | 69 |
| No | 29 |
| Don't know or don't want to answer | 2 |

Number of observations $\mathbf{N}=1,545$
Question 18R. Where do you reside (region)?

|  | \% |

## Number of observations $\mathbf{N}=1,545$

Question 25. Do you think that the new Constitution of Chile should establish guidelines that guarantee long-term financial sustainability for national protected areas?

|  | $\%$ |
| :--- | :---: |
| Yes | 90.4 |
| No | 4.3 |
| Don't know or don't want to answer | 5.3 |

## Number of observations $\mathbf{N}=1,545$

Question 26. (open question) Are there other elements associated with protected areas that the new constitution should consider?

|  | Nonresponse (\%) | Response (\%) |
| :--- | :---: | :---: |
| P16 | 0.13 | 99.87 |

Note: The majority responded, but some answered "do not know." In that case, the proportion of people who do not know how to answer this question is $29 \%$. Percentages not weighted. Based solely on the sample.

## Number of observations $\mathbf{N}=1,545$

Question 27. What is the highest educational level achieved by you?

| Education <br>  <br>  Without basic studies | $0.4 \%$ | 3 |  |
| :--- | :--- | :---: | :---: |
|  | Primary (incomplete + complete) | $21 \%$ | 128 |
|  | Secondary (incomplete + complete) | $53 \%$ | 584 |
|  | University (incomplete + complete) | $23 \%$ | 452 |
|  | Postgraduate | $2.6 \%$ | 61 |

[^0]:    * Percentages reported in this document may not always add up to $100 \%$ due to rounding.

[^1]:    * About $14 \%$ of the respondents were not able to or did not want to respond to the household income question.
